PROFILE

Results-driven IT Support Engineer with 3+ years of hands-on experience supporting enterprise environments in the pharmaceutical and retail sectors. Skilled in Microsoft 365, Entra ID (Azure AD), and Intune administration, with solid expertise in network infrastructure, endpoint management, and hardware support. Proven ability to maintain high system availability, resolve complex technical issues, and deliver reliable support to both end users and VIP stakeholders.
Experienced in large-scale operations, with a strong focus on process improvement, documentation, and automation to enhance efficiency and service quality. Backed by a foundation in Software Engineering and a growing focus on cybersecurity and modern IT solutions, I am committed to delivering scalable, secure, and high-performance IT services in dynamic environments.
